Final Office Action on the Merits

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

2. The rejection of claims 16, 20-26 and 31 under 35 USC 112, first paragraph, as failing to comply with the written description requirement is maintained.

The claims as amended recite "...which are stored in a **container which has a low absorption in the UV-A range.....**". However, the present specification recites "[a]lthough, both **glass** and **ordinary plastics** have a certain inherent absorption in the UV-B range, **the absorption in the UV-A range is very low**". The present specification does not describe containers that have low absorption in the UV-A range and it does not equate containers having low absorption to those describe therein as having very low absorption in the UV-A range. Thus, the present specification does not describe the claimed invention to reasonably convey to the skilled artisan that applicant(s), at the time the present application was filed, had possession of the claimed invention.

For this reason, the rejection of claims 16, 20-26 and 31 under 35 USC 112, first paragraph, as failing to comply with the written description requirement is maintained.

3. **The rejection of claims 16, 20-26 and 31 under 35 USC 112, second paragraph is withdrawn.**

Other Matters

4. It is suggested that the instant claims be amended to eliminate non-elected subject matter.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
